This letter is provided in support of a parcel split application involving the above-referenced property located within Malheur County.

The property owner has agreed to submit an agreement with Owyhee Irrigation District to transfer one (1.0) acre of water rights from the proposed parcel area to another location on the same property where the water can be put to beneficial use. This transfer is anticipated to be completed through the District's Water Right Transfer process by the end of 2026.
