Thereafter, payments increase by 10% each calendar year (up to a maximum benefit of 100%) provided the individual has visited the dentist at least once during the previous calendar year. If in any calendar year the individual fails to receive covered dental services, the percentage for Class I and II services will decrease by 10% the next calendar year, but it will never be reduced below 70%.

¹ Any amount paid by the plan for Preventive services does not apply towards the calendar year maximum.

² There is a 12 month waiting period for Late Enrollees. A Late Enrollee is anyone not enrolled when initially eligible.

ADVANTAGES

- * **Freedom to choose your dentist:** Delta Dental is unique in that we have contracts with more than 2,300 licensed dentists in Oregon.
- * **Professional Arrangements:** Delta Dental has specific fee arrangements with our participating dentists in Oregon to ensure that actual charges made by the dentist do not exceed his or her accepted fees on file with Delta Dental. We believe that the unique feature in all Delta Dental programs is that every participating dentist becomes a party to cost control as well as the quality of care. Participating dentists will update your records with your new information and will submit claims to Delta Dental for you.
- * **Pre-determination:** As a service to our customers, your dental office can submit a pre-treatment plan to Delta Dental on your behalf, and we will return it to your dentist, indicating the dollar allowance that will be covered by your plan **before** you go forward with treatment.

LIMITATIONS

If an eligible person selects a more expensive plan of treatment than is functionally adequate, Delta Dental will pay the applicable percentage of the maximum plan allowance for the least costly treatment. The patient will then be responsible for the remainder of the dental providers' fees.

Class I - Preventive

- * **Diagnostic:** Supplementary bitewing x-rays are covered once in any 12-month period. Complete series x-rays or a panoramic film are covered once in any 5-year period.

Class II - Basic

- * **Restorative:** A separate charge for general anesthesia and/or IV sedation is not covered when used for non-surgical procedures. A separate charge for anesthesia may be covered when, in our judgment, it is necessary for complex oral surgery or due to the existence of a concurrent medical condition.

Class III - Major

- * **Restorative:** If a tooth can be restored with a material such as amalgam, but another type of restoration is selected by the patient and dentist, the covered expense will be limited to the cost of amalgam. Crowns and other cast restorations (including onlays and replacement inlays) are covered once in a seven (7) year period on any tooth.
- * **Prosthetic:** A prosthetic device will be covered once in a seven (7) year period provided the tooth has not been crowned within the past seven (7) years. Specialized or personalized prosthetics are limited to the cost of standard devices.
