

Why Hospital Indemnity Insurance matters

Hospital¹ stays can be pricey and often unexpected. Studies show that the average cost of a three-day hospital stay in the U.S. is \$30,000.² Even quality healthcare plans don't cover all expenses, so taking steps to help protect yourself can make a big difference.

While in the hospital, it's likely you'll need various treatments, tests and therapies to get up and about again. Expenses like plan deductibles, co-pays for doctor visits and extra costs for out-of-network care can add up fast. Having help with the financial support you may need when the time comes means less worry for you and your family.

In addition, unexpected hospital bills are especially difficult to manage when you lose your income or when your income becomes seriously reduced because of an injury or illness. Household expenses like your mortgage or rent payments, car payments, childcare payments, or household maintenance costs may become even harder to keep up with while you focus on recovering.

Help protect yourself, your family and your budget from the financial impact of a hospital stay.

How Hospital Indemnity Insurance can help.

*I was driving to work when I was hit by a large truck. My car was totaled, I was injured, and an ambulance had to take me to the emergency room. I was admitted to the Intensive Care Unit and, after two days, moved to a standard room for five more days. I was then transferred for inpatient care at a rehab facility for a week. I was panicking about how I was going to pay my hospital, ambulance and other medical bills not covered by my health insurance. But luckily, my **Hospital Indemnity Insurance** helped pay for those costs, plus other expenses like rent and groceries.**

How this coverage works

Hospital Indemnity Insurance can help safeguard your finances by providing you with a lump-sum payment — one payment all at once — when you or your family may need it most. A flat amount is usually paid for a hospital admission³ and a per-day amount for your entire hospital stay.

And best of all, the payment is made directly to you and is in addition to any other insurance you may have. It's yours to spend however you like, including for your or your family's everyday living expenses.

Whatever you need while recovering from a hospital stay, Hospital Indemnity Insurance is there to help make life a little easier.

Frequently Asked Questions

Q. I have a medical plan at work, so why do I need Hospital Indemnity Insurance?

A. Hospital stays can be pricey and are often unexpected. Even the best medical plans can leave you with extra expenses to pay or with services that just aren't covered such as plan deductibles, co-pays, extra costs for out-of-network care or non-covered services. Having this extra financial support when the time comes may mean less worry for you and your loved ones.

Q. Can I enroll for this insurance without having a medical exam?

A. Yes. Your coverage is guaranteed,⁷ regardless of your health. You just need to be actively at work. There are no medical exams to take and no health questions to answer, so the whole process might be easier than you first thought.

Q. How much will coverage cost and how do I pay for it?

A. Hospital Indemnity Insurance may cost less than you think. It's designed to be a way for you to supplement your healthcare plan. Exact rates can be found in the enrollment materials provided by your employer. **You pay premiums through payroll deductions,** so you don't have to worry about writing any checks or missing payments.

Q. When does my coverage begin?

A. Your coverage starts on the effective date. There are no waiting periods for it to begin.

Q. Are benefits paid directly to me or my healthcare provider?

A. Payments go directly to you, not to the doctors, to the hospitals or to any other healthcare providers. And to make things even easier, the check is made payable to you. There's no need to coordinate with any other insurance you may have. Benefits are paid no matter what your other insurance plans may cover.

Q. If my employment status changes, can I take my coverage with me?

A. Yes. This coverage is portable, meaning you can take it with you wherever you go so long as you continue paying your premiums.⁸

Q. Is the claims process simple?

A. Yes. Once we've received all the necessary information, claims are generally processed within 10 business days. You only need one claim form per admission or hospital stay and every claim is reviewed by a professional.⁵
