

Canopy is becoming Revive.

New look. Same great support.

On September 25, Canopy — your employee assistance program — becomes Revive. Our name and look are changing, but your care isn't.

What's changing

- Our name: Canopy → **Revive**
- Our colors, logos, and materials
- Our member portal website address:

canopy.myrevive.health

(your old link still works and will redirect automatically)

- Our app's name: Canopy EAP → **Canopy by Revive***

*During this transition, you'll still see "Canopy" in a few places — it's the same app and the same service.

What's staying the same

-  Your **phone number** and where you go for support
-  The **services** available to you
-  **Free, confidential support**, available 24/7
-  The quality of **care you've always gotten**

You don't need to do anything.

Just reach out whenever you need support — everything works the way it always has.
