I, Ray Day Jr., am not in favor of the Deferred Replacement Dwelling in Exclusive Farm Use zone.

My grandfather in law was one of the first people in 1939 to start developing property in this area. I have been visiting for over 30 years, listened to many stories, and have never heard any mention of any house structure in question. I have also been a land owner here since 2007.

I am not for turning farm use zoned ground into residential property. I do not agree with some of the development that has already taken place in the area. I do not want to see more houses. If we do this one where will it stop?

Sincerely,

Ray Day Jr.
