To whom it may concern:

It has come to our attention that the land bordering our property is wanted for having a personal dwelling place for Ryan and Calli Wynn. We are in full support of this idea.

We think it's important to build up our Adrian community. Having a place to put a home on and establish a permanent dwelling place is of high importance. Calli and Ryan Wynn are big contributors to our community and having them at that particular location would have no adverse effects to WBH Farms, LLC. Their place would border the driveway to our onion sheds. This would not impact our operation at all.

Please consider our recommendation when re-zoning this piece of property. If you have further questions, please contact us at 208-573-3105.

Sincerely,

A handwritten signature in black ink that reads "Dennis & Julene Bowns". The signature is written in a cursive, flowing style.
