Jacob, Per our phone conversation the Malheur County Sheriff's Office does not have any issue with your plans to build near the [1351 Hwy 201](#) address. We have the ability to respond to your area. Just for your knowledge know that we generally don't have more than two deputies on at a time and depending on their location it can take a considerable amount of time to respond that far out. If you have any questions or concerns please feel free to contact me.

Thank you,

Travis Johnson
