Oh, I see. No issues for ODOT.  
Thanks for clarifying.

Thank you!

Regarding the Juntura project, I scanned their application: they want to build a 40' x 80' shop in the back of the property towards 5<sup>th</sup> St. Due to the size of the parcel, the shop will be just past the property line and from my understanding, aligning with the ODOT building on the neighboring tax lot 2200.

Hi Tatiana,  
I don't see any issues with item A. Regarding item D, I don't see any info in the notice that describes what the proposal is that would require a variance? If nothing is being changed on the property I don't see what the impact would be to the highway.  
Thanks,

Hello Mr. Eden!

Please see attached the public notice for our upcoming planning commission hearing on 05/27/2021.

Please let us know if you have any comments about any of the items on our agenda. Particularly, item A and D may have implications for ODOT.
