Gem Irrigation District

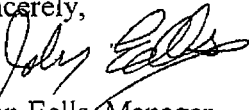

May 21, 2019

To Whom it may concern:

This letter is in response to a request from Jay Beebe for approval to establish a dwelling on property in the SWNE, T22S R46E Sec. 26. This property is in the Ridgeview Irrigation District but does not at this time have an irrigation right. This property is currently owned by Donald S. Beebe who has been discussing with the district to transfer 1 ac of water right from a wet pasture area in the NENE, T22S R46E Sec. 26 which we can process upon request from Mr. Beebe to the Ridgeview District Board and then a water transfer application through the State of Oregon Water Resources.

The South Board of Control approves the request to establish a dwelling on the property listed above with or without a water right. We feel there is no reason that this will affect the Ridgeview Irrigation District and we therefore agree to the requested use. Should you have any questions regarding this decision please contact our office at (208)337-3760.

Sincerely,

  
John Eells, Manager  
South Board of Control
