Good Morning,
That is interesting... We don't have an aeronautics division in ODOT so I guess we just comment for potential impacts to the highway?

I see zero issues for ODOT.
Thanks for checking.

Good morning John!
For our March Planning Commission hearing, we have an application for a private airport strip. Per our County Code, it looks like ODOT needs to be notified of such action. The subject property is on map 26S39E, in the middle of nowhere...

You may see their application here:

Please let us know if you have any comments.
Thank you!
