Malheur County Planning Dept.

251 "B" St. West #12

Vale, OR 97918

Mr. Evans,

The OID has no concerns with the proposed White parcels as shown on the map presented. OID has one condition that the proposed crossing of the canal be done according to USBR and OID specifications. This matter can be worked out separately from the county's planning process.

Thank you,

Clancy Flynn

The parent parcel of tax lot 1000 had 74.45 before 3.7 was transferred off. 2.1 of the 3.7 transferred were on the proposed new lot.
