This letter is to inform you that the property T17S, R44E, Sect 36 Tax lot 700 currently has 26.6 acres of water rights. The property owner has informed us that they will be portioning a parcel of ground off from this tax lot and transferring water rights from this parcel back to the original tax lot.

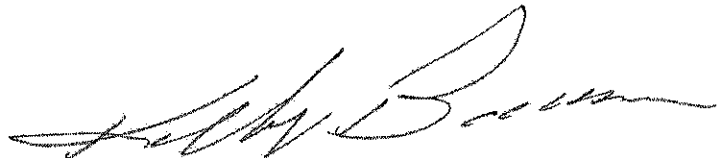

This water right transfer of approximately 0.8 acres will take place after we have received from the owner the surveyed partitioned plat with the exact coordinates. The partitioned parcel of ground will not have any water rights after the transfer is complete.

If you require any further information or have any questions, please contact me at 541-473-3951 and I will be happy to assist you.

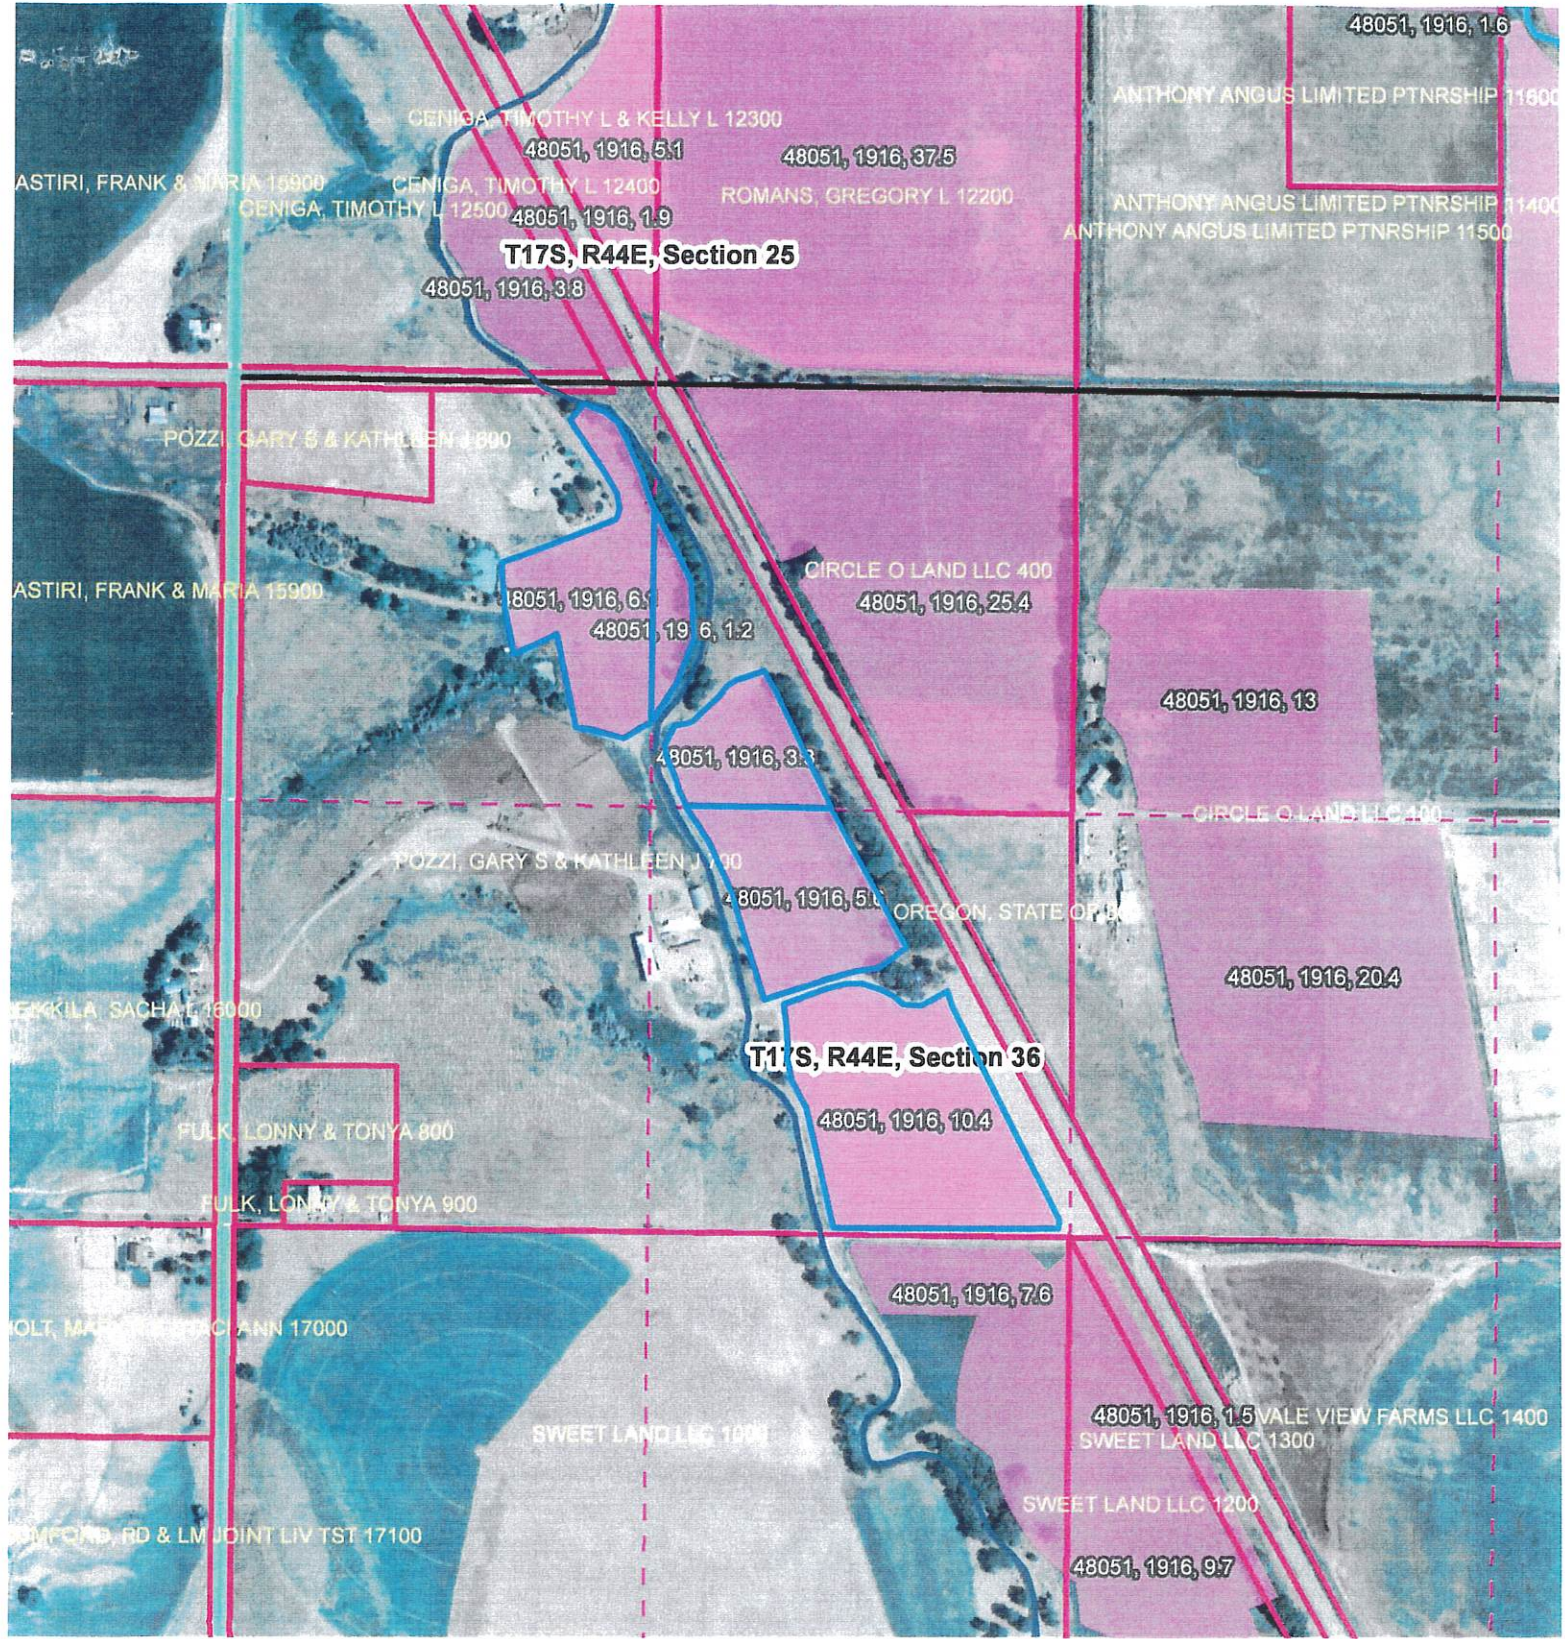

Thank you,
