Thank you Eddie. Also, to follow up from our conversation last week, we are able to close out the Consent Order from our side, so you can expect a letter from us with that closure before long. It may take a little longer than it would otherwise since, as we discussed, Tom's old position remains unfilled, but I'll try to keep it in mind to make sure that it goes out.

In the meantime, you have fulfilled your obligation, and you don't need to send in any additional information about sample results or volumes. I do look forward to working with you and your engineers towards a permanent solution in the future.

Thank you,
Valerie

Valerie Greear, PE | Water Quality Engineering Manager

Good Afternoon Valerie,

Attached is water testing for the second half of June.

Thanks

Eddie Rodriguez
