Tatiana Burgess

Letter in opposition to the proposed application submitted by Darrin Lee/ Dallas Head.  
As submitted by DOGAMI in posted letters. Mr Lee is in violations of creating a aggregate mining operations without permits from Oregon State Department of Mining, and or Malhuer County..

We are here to strongly suggest the up coming meeting of January 25th 2024 be postponed until DOGAMI has completed there violations and penalties for non compliance.

We feel the county has no business engaging into issuing any permits that furthers Mr Lee/Mr Head to operate.

The first chain of obtaining permits for aggregate mining would of been contacting DOGAMI and submitted for application for permitts to be then presented to the County..

ORS.517.961 NOTICE OF INTENT TO SUBMIT APPLICATION .

Clearly this process was not followed because of his noncompliance with DOMAMI.

Again, We are asking for a postponement to the up coming meeting until Mr Lee/Mr Head has cleared up their prior violations..

Thank You.

## ORS 517.961

# Notice of intent to submit application

- posting of notice

Text

Annotations

A prospective applicant for a mining operation permit shall file with the State Department of Geology and Mineral Industries a notice of intent to submit an application and post copies of the notice along the perimeter of the location of the proposed operation. The posting shall be sufficient to inform the public of the intended action and a legal description of the proposed mining operation location and shall comply with requirements adopted by rule by the governing board of the department. [1991 c.735 §8; 2013 c.371 §12]
