

Rural Road Assessment District No.3

230 North Oregon – P.O. Drawer 99

Ontario . OR 97914

The application in question does have a Rural Road #3 request already in place for a 30ft asphalt apron on the mesquite approach included in his traffic plan on page 15. The Rural Road District #3 would require In addition to the mesquite approach that the two approaches where Jasmine Rd. and the haul road intersect be asphalted as well With a minimum of a 2 inch compacted asphalt apron.
