Re: Froerer Family

To Whom It May Concern,

I have been contacted by the Froerer family in reference to the old bridge that used to cross the canal at the west end of Klamath Ave. The family was wondering if it was a public or a private bridge. I asked Dave Tiffany to search the county records, and we determined that the bridge is not in the county R.O.W. and the county records didn't show the bridge was ever theirs. We determined if someone was to put a bridge across the old existing bridge footings it would be their private bridge and they would be responsible for the expense to do so.

The Nyssa Road Assessment District #2 has no objection to someone putting a bridge there as long as they worked out the details with other landowners and the Irrigation District.

Sincerely,

Wes Allison, Supervisor  
Nyssa Road District #2

Road District / Malheur County Road Department Letter

On tax lot 2500 map 20S45E located on attached map there is an existing home site with dwelling and outbuilding, well, septic total of approx.. 3.5 acres.

The road serving this location is Klamath Ave, and Schweizer Rd

Necessary changes that need to be made are

---

---

The other proposed lot, will not have any public roadway provided, thur Nyssa roads

On same tax lot across canal on same tax lot in ERU there will be no county roads being used or to be maintained by the county

Signed this \_\_\_\_\_ day of \_\_\_\_\_, 2026
