To Whom It May Concern:

Map and Tax Lot: 19S46E Section 26, Tax Lot 5100 (QQ: SENE)

This letter is provided in support of a parcel split application involving the above-referenced property located within Malheur County.

The subject property currently holds valid irrigation water rights within the Owyhee Irrigation District. The specific portion of the property proposed to be partitioned (approximately 2.0 acres, as shown on the attached map) is included within the existing water right place of use.

However, the identified 2.0-acre area is not presently capable of beneficially using these water rights due to its location and/or physical characteristics. As a result, the property owner has taken steps to address this limitation.

The property owner has submitted an agreement with Owyhee Irrigation District to transfer two (2.0) acres of water rights from the proposed parcel area to another location on the same property where the water can be put to beneficial use. This transfer is anticipated to be completed through the District's Water Right Transfer process by the end of 2026.

Should you have any questions or require additional information regarding the water rights associated with this property, please do not hesitate to contact our office using the information provided below.

Thank you for your consideration.

Sincerely,

Owyhee Irrigation District
